

Special Announcement Regarding COVID-19

In an effort to comply with the guidelines set out by the chief medical officer to limit the spread of COVID-19, North Central Livestock Exchange Inc. has set out the following guidelines for how we can conduct business:

1. We ask that you limit the number of family members that enter the auction market building for bidding purposes in order to comply with the limit of no more than 50 people at an event.
2. If you enter the sale, we would ask that you practice multiple hand washes while you are here. When possible we recommend spacing out 3 ft apart with no physical contact.
3. If at all possible we recommend that you bid or view online with dlms.ca (780-554-4939) or use phone bids on sale day at 780-853-5372 and ask for Roland Goertz or Leonard Hrehorets.
